SECTION 4: SCOPE OF SERVICES

To conduct architectural design services

(A) PROJECT OVERVIEW
The City is soliciting a Consultant to design “Gateway Arches” (herein referred to as “arches”) in “India Square”, the section of Newark Avenue between Tonnelle Avenue and John F. Kennedy Boulevard. These arches will be installed directly and permanently into the sidewalk on Newark Avenue and span across the street, leaving space for vehicular traffic below and pedestrian traffic alongside. The arches will have an artistic, elaborate, ornamental design that reflects Indian culture and history. The arches will also become the centerpiece of India Square, attracting visitors from outside the community and the City. The fabrication and installation of the arches will require separate public contracts, and it is not required for the Consultant awarded the contract to design the arches to also fabricate and/or install the arches. The RFP and approval process for fabrication and installation of the arches will occur separately from this RFP.

(B) LOCATION
Gateway Arch #1 will be at the corner of Tonnelle Avenue and Newark Avenue on the East corner of the intersection and on Newark Avenue. Gateway Arch #2 will be at the corner of John F. Kennedy Boulevard and Newark Avenue on the West corner of the intersection and on Newark Avenue (see figures 1-3). The exact installation location will be determined by the vendor and the Jersey City Department of Public Works.

Figure 1: map of arch locations (source: Google Maps)
Figure 2: Gateway Arch #1 location (Newark Avenue from Tonnelle Avenue facing east)

Figure 3: Gateway Arch #2 location (Newark Avenue from John F Kennedy Boulevard facing west)
(C) DESIGN REQUIREMENTS
Arch designs will include three-dimensional, artistic, elaborate, ornamental features that reflect Indian culture and history. Designs may or may not incorporate lighting elements. Both arches may have similar or identical designs. Proposals will include a preliminary design in order to evaluate the design quality and capabilities of the Consultant. After the contract is awarded (see Section 3.11), designs will be subject to minor revisions based on limited input from the community and the Office of the Mayor as well as any modifications necessary to satisfy State and local laws, ordinances, and other regulations and specifications. The final design will be provided to the City within thirty (30) days after the contract is executed by City officials.

(D) MATERIALS, FOUNDATION, AND SUPPORTING STRUCTURE
Use of materials is at the discretion of the Consultant, but all materials must be able to maintain the original appearance, shape, and dimensions of the arches for 20 years or more without significant maintenance or other additional costs and must reasonably withstand any foreseen or unforeseen weather or vehicular traffic related exposure for an extended period of time, including but not limited to sun, extreme heat, extreme cold, heavy snow, high wind, rain and/or flooding, and automobile exhaust exposure. Consultant must provide justification for use of any materials and provide a detailed list of all possible maintenance and repair costs.

The Consultant is also required to design a supporting structure and a foundation for the supporting structure and arches with the same requirements as mentioned above. The supporting structure and foundation may be contained within the arches or else may be a separate frame to which the arches will be attached. The Consultant must utilize a qualified and certified structural engineer to design the supporting structure and after awarding of the contract the supporting structure will be approved by the Jersey City Department of Public Works.

(E) STRUCTURAL SPECIFICATIONS
After awarding of the contract, the Consultant will be responsible for ensuring the arches, supporting structure, and foundation meet all applicable building, traffic, and engineering codes, guidelines, and/or ordinances, including but not limited to:

- Distance from curb to allow vehicle traffic to pass alongside
- Clearance between arches and buildings to allow sufficient space for sidewalk traffic
- Minimum distance from crosswalk, traffic lights, fire hydrants, and overhead wires
- Safety requirements for electrical wiring and lighting (if applicable)
- Any State and local traffic or other laws and ordinances regarding construction on streets

departments and personnel within the Department of Public Works (i.e. civil and electrical engineers) to ensure the structural specifications for the arches are in full compliance with all requirements listed in this section and any other requirements noted by the Jersey City Department of Public Works. Preliminary street measurements and specifications are available upon request from the Jersey City Department of Public Works.

Reply to the attention of:

President

Dear

Our recent compliance review of your establishment's equal employment opportunity policies and practices was completed on February 27, 19...

We found no apparent deficiencies or violations of Executive Order 11246, as amended. Section 503 of the Rehabilitation Act of 1973 or of 38 USC 2012 (the Vietnam Era Veterans' Readjustment Assistance Act). Accordingly, your establishment is deemed to be in compliance with these laws based on the material reviewed.

The Office of Federal Contract Compliance Progress sincerely appreciated the cooperation and courtesies extended by you and your staff during the conduct of the compliance review.

ISSUANCE OF CERTIFICATE OF EMPLOYEE INFORMATION REPORT

Enclosed is your Certificate of Employee Information Report (hereinafter referred to as the "Certificate") and issued based on the Employee Information Report (AA-302) form completed by a representative of your company or firm. Immediately upon receipt, this certificate should be forwarded to the person in your company or firm responsible for ensuring equal employment opportunity and/or overseeing the company or firm’s contracts with public agencies. Typically, this person may be your company or firm’s Human Resources Manager, Equal Employment Opportunity Officer or Contract Administrator. If you do not know to whom the certificate should be forward, kindly forward it to the head of your company or firm. Copies of the certificate should also be distributed to all facilities of your company or firm who engage in bidding on public contracts in New Jersey and who use the same federal identification number and company name. The certificate should be retained in your records until the date it expires. This is very important since a request for a duplicate/replacement certificate will result in a $75.00 fee.

On future successful bids on public contracts, your company or firm must present a photocopy of the certificate to the public agency awarding the contract after notification of the award but prior to execution of a goods and services or professional services contract. Failure to present the certificate within the time limits prescribed may result in the awarded contract being rescinded in accordance with N.J.A.C. 17:27-4.3b.

Please be advised that this certificate has been approved only for the time periods stated on the certificate. As early as ninety (90) days prior to its expiration, the Division will forward a renewal notification. Upon the Division’s receipt of a properly completed renewal application and $150.00 application fee, it will issue a renewal certificate. In addition, representatives from the Division may conduct periodic visits and/or request additional information to monitor and evaluate the continued equal employment opportunity compliance of your company or firm. Moreover, the Division may provide your company or firm with technical assistance, as required. Please be sure to notify the Division immediately if your company’s federal identification number, name or address changes.

If you have any questions, please call (609) 292-5473 and a representative will be available to assist you.

The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner’s grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the owner shall expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor’s obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.
