Cooling Centers, Libraries & Pools
Open To Beat The Heat This Week

JERSEY CITY - Mayor Steven M. Fulop and the Jersey City Office of Emergency Management (OEM) announce that the City will open two cooling centers and two senior centers all week, today, Monday, July 15th through Friday, July 18th as temperatures are expected to remain in the 90’s all week. Hours will also be extended at six public libraries Monday through Friday.

The Mary McLeod Bethune Community Center, 140 Martin Luther King Drive will be open from 10 a.m. to 8 p.m. Monday through Friday and the Pershing Field Community Center, Pershing Field Complex (corner of Summit Avenue and Pershing Field Plaza) will be open Monday through Friday from 4 p.m. to 8 p.m.

The two senior centers that will be opened as cooling centers are the Joseph Connors Senior Center (Paterson Street Center), 28 Paterson St. off of Central Avenue and the Maureen Collier Community Center, 335 Bergen Avenue between Ege and Virginia Aves. Both locations will be open Monday through Friday from 9 a.m. to 4:30 p.m. for residents to cool off.

“It is important for everyone, but especially our seniors and parents of small children and infants to be cautious in high heat and humidity,” said Mayor Fulop. “If you have a neighbor who is a senior citizen or who has special medical needs, please check on them. And if you do not have air conditioning in your home, please visit one of our cooling sites.”

All residents, especially the elderly, disabled people, pregnant women and children under the age of two are encouraged to stay indoors or take advantage of the cooling facilities if necessary.

The following libraries will be open to the community at large with extended hours. The libraries will be open until 8 p.m. Monday through Friday, July 15th through the 18th, though opening times vary:

The Jersey City Office of Emergency Management (OEM) has issued the following tips for staying cool during this heat wave:

- Remain indoors (preferably in air conditioned space) as much as possible
- Wear lightweight, light colored and loose fitting clothing
- Keep hydrated by consuming plenty of water and natural juices and avoid beverages with alcohol and caffeine which increase dehydration
- Eat light meals
- Refrain from strenuous activities
- Recognize the symptoms of heat disorders

To protect others from heat exhaustion, residents are urged to check on elderly neighbors and those with disabilities. Apply sunscreen with a high SPF content to small children to avoid overexposure to the sun. Never leave children or pets in closed vehicles where temperatures could exceed 190 degrees in less than ten minutes, and provide shade and cool water to pets.
