The City of Jersey City is looking for a licensed Elevator Inspector to review plans and conducts elevator inspections that enforce the State Uniform Construction Code (UCC), the elevator subcode, and regulations adopted pursuant to the Uniform Construction Code Act.

Job Duties:

- Examines elevator work plans and specifications for compliance with the elevator subcode of the New Jersey Construction Code.
- Inspects and evaluates all elevator work installed during construction to ensure conformity to elevator subcode and the regulations of the New Jersey Uniform Construction Code.
- Inspects elevator installations in existing buildings to ensure they meet minimum safety standards.
- Determines the proper cause of violations of elevator subcodes and takes proper corrective action.
- Presents inspection findings in court and administrative hearings.
- Prepares recommendations and essential reports regarding temporary and final certificates of occupancy.
- Establishes and maintains records using construction code-specific software and mobile devices.
- Performs other duties as assigned.
